Fire Wards' Report

The Fire Wards respectfully submit the following report: During the past year the fire department has responded to three alarms but there has been a number of still alarms. The alarm April 26, was for a slight fire at the home of Charles Wheeler on Temple St. There was a forest fire on the Wilton road in the timber lot owned by the Chamberlin Estate. Another fire, which required almost constant attention for several months, was the one in a sawdust pile, in south part of town near the Benjamin Livingston farm. The Company appeared on Parade May 30, by invitation of Herman Shedd, Post G. A. R.

Cemetery Trustees' Report

Your trustees, during the past year have continued to add improvements to the new section of the cemetery, the grounds have been cleaned, leaves and other rubbish removed, the drive-way between the old and new cemetery has been made wider, and a side walk built on one side.

In order that improvements may go forward in the new section, it will be necessary that a small appropriation be made for the work.

The old cemetery was thoroughly cleaned, and the grass mowed, lots trimmed, stones reset, and put in a tidy condition.

A few of the perpetual care lots were made over, and reseeded, a number of monuments and grave stones, that belong in this class, were cleaned by G. W. S. Howes. Each perpetual care lot was remembered on Decoration Day with flowers.

The trustees during the past year have endeavored to place the money, to be expended, where it would show the best results.

The interest shown in the Reading room by the children made it seem wise to add a children's encyclopaedia to the list of new books. This work practically covers about every subject that appeals to the interest and intellectual activity of the child.

The Trustees

Auditors' Report

We have examined the accounts of the following town officers: Selectmen, Town Treasurer, Fire Wards, Cemetery Trustees, Library Trustees, School Board and School Treasurer, for the year ending February 15, 1912, and find them correctly cast and properly vouched.

We find that the Road Agent's bills rendered to the Selectmen correspond with the town orders issued to him.

Annual Report of
The School Board
of Greenville, N. H.

School Board's Report

To the Citizens of Greenville:

We herewith submit the following report:

The schools opened March 13, 1911 with Miss Harriman, Miss Shedd, Miss Fosket and Miss Whitney in their respective rooms.

Drawing continued under Mrs. Fannie A. Wheeler during the spring term and Mrs. Sylvia A. Wachs of Townsend, Mass., was engaged as musical instructor for the same term.

On June 15th, closing exercises were held in Miss Shedd's Miss Foskett's and Miss Whitney's rooms.

On June 16th, the graduating exercises were held in the grammar room. After the class exercises, H. S. Cowell, A. M., of Cushing Academy, Ashburnham, Mass. gave an address and the diplomas were awarded by Mrs. Ely to the following pupils:

Eva V. Annis	Jeanne Cournoyer
Richard S. Ely	Albina Fortin
Sadie M. Gamlin	Bertha E. Kirby
Hazel E. Livingston	Anslem McConville
Yvonne Paradis	Eino A. Sipola

There was a good attendance of interested parents and friends on both days.

For the fall term, opening Sept. 5th, an entirely new teaching force was engaged, all the former teachers having tendered their resignations. In the grammar room was Miss Carrie G. Keysar of Warren, N. H.; in the intermediate room, Miss Carrie

were fewer pupils than usual in the building it was decided to try the work with three teachers, they, cooperating in the plan. Miss Keysar was given the 6th, 7th and 8th grades; Miss Harrison the 4th and 5th and Miss Parker the 1st, 2nd and 3rd. The arrangement has worked advantageously so far.

Pleasing exercises were held in all the rooms Dec. 15th, closing the fall term.

Our proportion of the expenses of No. 6 school in Mason has been paid as usual.

There were 13 pupils in attendance at Appleton Academy during the spring term; 12 during the fall term and for the winter term 11.

The schools have been in session 38 weeks, a gain of 2 weeks over earlier years. Only one half-day was lost owing to inclement weather.

The usual number of holidays have been observed: Fast Day, Memorial Day, when the children assisted in their customary manner, and the Thanksgiving recess. Oct. 20th was given to the teachers to attend the convention at Concord, or to visit other schools as they preferred. On Feb. 22nd, Washington's birthday, the schools were in session, but closed one day earlier at the end of the term.

Feb. 29th, exercises consisting of song and recitations together with those which referred to famous people whose birthdays occurred in the month of February were pleasingly given, in the different grades, closing the schools for the winter vacation.

The new laws on Child Labor which were passed at the last session of the Legislature are many and stringent. For the benefit of those who may be interested in knowing how a child who wishes to go to work obtains a certificate, we are having printed, the following sections from the Child Labor Manual:

SEC. 10. The person authorized to issue an employment certificate shall not issue such certificate until he has received, examined, approved and filed the following papers duly executed.

(1) The school record of such child properly filled out and signed, as provided in this act.

(2) A passport or duly attested transcript of the certificate of birth or baptism or public record, showing the date and place of birth of such child.

(3) A certificate from a medical officer of the local board of health, or from a physician designated by the school board, certifying that the child has reached the normal development of a child of his age, and that he is in sufficiently sound health and physically able to perform the work which he intends to do.

SEC. 11. No employment certificate shall be issued until the child in question has personally appeared before and been examined by the person issuing the certificate.

SEC. 12. Every such employment certificate shall state the name, sex, and date and place of birth, of the child, shall describe the color of

hair and eyes, the height and weight and any distinguishing facial marks of such child; that all papers required by the preceding sections have been duly examined, approved and filed; that the child named in the certificate has appeared before the person signing the same and been examined, and that such child has been found to be able to read understandingly and write legibly simple sentences in the English language. Every such certificate shall be signed, in the presence of the person issuing the same, by the child in whose name it is issued, and shall show the date of its issue.

SEC. 13. The school record required by this act shall be signed by the principal or chief executive officer of the school which the child has attended, and shall be furnished on demand to a child entitled thereto.

Such record shall certify that the child has regularly attended the public schools, or private schools lawfully approved as such, for not less than 300 half-days, as shown by the school register, during the year previous to his arriving at the age of fourteen, or during the year previous to applying for such school record, and that he is able to read understandingly and write legibly simple sentences in the English language. Such school record shall also give the date of birth and residence of the child as shown on the records of the school and the name of his parent, guardian or custodian.

SEC. 14. The superintendent of schools or

other person authorized to issue employment certificates shall keep a record of the same in a book. Such record shall contain a list of names of all children to whom certificates are granted, numbered consecutively, together with the date of issue and the signature of the officer issuing the certificate, and such books shall be carefully preserved.

SEC. 15. All blank forms for records used in the enforcement and administration of this act shall be uniform throughout the state, shall be prescribed by the superintendent of public instruction, and shall be furnished by the state, and methods of keeping the same shall be approved by him as being within the contemplation of this act.

These are only a few from the many but are those which are especially allied with the work of the School Board and which they often have cause to refer to and explain. The extra work for the teachers in registration will be seen by referring to section 13 of these laws.
